Student Aid Applicant Roster Tapes

I. PURPOSE AND BACKGROUND

The Pell Grant Recipient Data Exchange process gives institutions the opportunity to submit data from Student Aid Reports (SARs) and Student Validation Rosters (SVRs) in machine-readable form. The Recipient Data Exchange process was established to expedite the flow of recipient information and to reduce the clerical burden for participating institutions. The Recipient Data Exchange process has the following advantages over the manual reporting method:

- Decreases the number of forms that must be transmitted from an institution to the Department of Education (ED), and therefore minimizes handling and mailing costs to the institution;
- Eliminates manual completion of the student award section (3) of the Student Aid Report (ED and institution copies). The tape or card deck is the method of transmitting the SAR Section 3 information to ED (Physical Record Requirements, Section II);
- Reduces the number of manual processing steps at the institution to determine student awards;
- Provides the opportunity to shift the bulk of Pell Grant data exchange with ED to an automated interface handled by an institution's computerized system(s);
- Makes error correction processing more efficient through greater accuracy in data and upgraded turnaround in Student Aid Report (SAR) and Student Validation Roster (SVR) processing;
- Facilitates prompt determination of the student's final award status;
- Expedites reconciliation and closing of the institutional and Program accounting records for the award period.

The Pell Grant Recipient Data Exchange process is administered by the following organization in ED:

Systems Support Section, Pell Grant Branch
Division of Program Operations
Office of Student Financial Assistance
ROB3 - Room 4651
400 Maryland Avenue, S.W.
Washington, DC 20202

Questions regarding Recipient Data Exchange should be directed to a Recipient Data Exchange Specialist at the above address or by calling (202) 447-9001.

NOTE: The correct address for submission of data, given on Data Transmittal, is different than the above. Use address other than that given on the Data Transmittal delays receipt and processing of your Progress Report recipient data tapes.

II. PHYSICAL RECORD RETENTION AND REPORTING REQUIREMENTS

A. PHYSICAL RECORD RETENTION

Recipient Data Exchange institutions are not required to physically complete the student award section (Section 3) of Student Aid Report. However, to provide a complete and audit student award file, the institution must maintain physical records and make them available for Program reviews and audits. In lieu of completing Section 3 of the hard-copy SAR, the institution must maintain records using one of the following methods:

Method 1:

A computer generated facsimile of the SAR student award section, including each data element in this section (Section 3). These elements, designated by the dark outline on the SAR in Appendix B, are:

1. Cost of Attendance
2. Student Aid Index
3. Scheduled Pell Grant
4. Expected Disbursement
5. Date Enrolled
6. Pell Institution Number (of Campus student attends)
7. Enrollment Status (Standard term institutions)
8. Percentage of Hours Expected to Complete (Non-Standard term institutions and clock-hour institutions)
9. Student's Social Security Educational Benefits
10. Student's Veteran's Educational Benefits
11. Applicant Data Validation Status Code*
12. Institutional Official's Signature Indicator

The Applicant Data Validation Status Code is an asterisk () which appears next to the Student Aid Index in Section 3 of SAR. If present on the SAR, it must be reported to ED in position 51 of the data detail record and must be retained on SAR Section 3 facsimile which is placed in the individual student file, or on the computer-generated student list described in

This facsimile would be placed with the SAR in the individual student file.

Method 2:

A computer-generated student list showing the student's name, social security number, and the student award section (as listed above), for each recipient. The SAR would be placed in the individual student file.

The presence of the Institutional Official's Signature Indicator on the SAR Section 3 facsimile or computer-generated student list signifies that an authorized institutional official has certified that payments made by the school for the student are correct according to the regulations, instructions in the Student Financial Aid Handbook, and the 1982-83 Payment Schedule. This indicator is used in lieu of physically completing the Certification Statement which appears at the bottom of Section 3 of the SAR.

In addition to a physical record of the SAR Section 3 elements, the institution must keep on file a Statement of Institutional Purpose (SEP) signed by the student. For convenience, this statement appears as the last comment in Section 2 of the SAR for every eligible student. The student must sign either the SEP which appears on the SAR, or an SEP prepared by the institution which is substantially similar to the SEP on the SAR.

All other record keeping and retention requirements prescribed by the regulations for the Pell Grant Program remain

Pell Grant recipient, using either a fully-completed copy of the SAR or an award letter which states the award (disbursement) the student can expect to receive, when (s)he will be paid, and how (s)he will be paid (by check or by credit to his or her account).

B. PROGRAM REPORTING REQUIREMENTS

Pell Grant Recipient Data Exchange institutions must comply with the same reporting requirements for Progress Reports and Student Validation Rosters as institutions which submit data in hard-copy form. Recipient Data Exchange institutions which cannot provide processable data by the scheduled reporting date must submit properly completed hard-copy forms (SARs and/or SVR) to ED. ED reserves the right to withhold funding increases when the reporting requirements are not met.

III. ENTRY INTO THE PELL GRANT RECIPIENT DATA EXCHANGE PROGRAM

A. PARTICIPATION OPTIONS AND AGREEMENT

To initiate participation in the Pell Grant Recipient Data Exchange, your school may write requesting information, or receive the information directly from ED if you have submitted a large number of SARs in recent years. We annually send all schools the latest Recipient Data Exchange manual and highlight of changes to the Recipient Data Exchange requirements.

Your school's financial aid and data processing personnel should review the Recipient Data Exchange requirements in relation to your school's current computer and/or financial processing systems. Representatives from these areas should consider which of the three participation options best meet your school's needs. These options are:

1. Sending both SAR and SVR data in machine-readable form;
2. Sending only SAR data in machine-readable form;
3. Sending only SVR data in tape form.

While automated exchange of recipient data is primarily intended for institutions with computer systems capable of producing magnetic tapes, the 1982-83 SAR record format requirement can be met with standard punched cards. This allows small schools with access to only key-entry equipment or service to participate in the automated reporting system. Institutions which intend to send data in card form should note that punched cards can be used only to send SAR data. Student Validation (SVR) data cannot be exchanged using punched cards.

The full advantage of the Recipient Data Exchange is achieved when both SAR and SVR data are transmitted in machine-readable form. While you are encouraged to transmit both SAR and SVR machine-readable data, the constraints on your school's existing system may limit participation to that of sending only SAR data or SVR data. If your school initially chooses to send only SVR data via tape, you may begin sending SAR data at a later time by amending your Recipient Data Exchange Agreement and submitting a SAR test tape (or card deck) according to the procedures in Section III-B.

If you decide to participate in the Pell Grant Recipient Data Exchange, you must complete the Recipient Data Exchange Agreement, indicating your choice of participation option and media (tape or card deck). Your school's authorized financial aid administrator and data processing contact person must each sign the Agreement. The completed and signed agreement is then returned to ED.

You may submit the Recipient Data Exchange Agreement at any time. If you wish, you may send the test tape (or card deck) with the Agreement, or at a later date. The test tape (or card deck) must be prepared and submitted according to the procedures in Section III-B., and according to the specifications in Appendix E.

B. TRIAL DATA SUBMISSION AND ED APPROVAL

Prior to submission of actual SAR data, you must send E

tions, and to identify any potential processing problems. This requirement was instituted to prevent processing delays caused by format and content errors, and to expedite the processing of actual data when submitted.

You must prepare the test tape (or deck) according to the specifications in Appendix E, using contrived student identifying data rather than "live" student data. This is consistent with the requirements of the Family Educational Rights and Privacy Act (34 CFR Part 99). The use of contrived data also permits you to produce the test tape (or deck) before students actually enroll. Your test tape (or deck) submission to ED must include:

1. A test tape (or deck) which
 - a. is externally labeled (see Appendix D);
 - b. contains at least 10 and no more than 25 records; and
 - c. consists of contrived data, as described above;
2. A completed Recipient Data Transmittal form (see Appendix C);
3. A dump which shows
 - a. the internal tape labels (if any);
 - b. the data header record (record type 1);
 - c. ten data detail records (record type 2); and
 - d. the data trailer record (record type 3).

Note: Institutions intending to send tape data may not send card decks to meet the test phase requirements.

You must send the test tape (or deck) and related documents to the address shown on the Transmittal form. You should allow approximately fifteen (15) working days following receipt of the test data at ED for the review.

After we review your test data, we will return it to you with a letter telling you if the test was acceptable or unacceptable.

If your test data does not meet the required specifications or is unprocessable, we will return it to you for correction and resubmission. Your institution may not submit actual data tapes (or decks) until you have provided us with acceptable test data. Also, until you provide us with an acceptable test tape (or deck), you must meet the Program reporting requirements by submitting Progress Reports with properly completed hard-copy SARs by the scheduled reporting dates. If you do not meet these reporting requirements, adjustments to your Pell Grant Authorization will be withheld.

Please note that only one acceptable test tape (or deck) is required for any institution. Once we have notified you that your test is acceptable, you may begin submitting SAR tapes (or decks) with actual student data at the required reporting periods. We do not require a test tape (or deck) each year.

If you wish to receive only the end-of-year ED SVR tape and you intend to meet all reporting requirements of the Program with manually-prepared documents, you are not subject to the test phase requirements. The ED SVR tape is provided automatically to all Recipient Data Exchange institutions participating under the SAR/SVR or SVR-only options. If your institution wishes to receive the end-of-year ED SVR tape, you must submit a properly

This restriction was instituted to assure adequate advance development and testing time at your institution so that meet the SVR reporting due date (six weeks from receipt of SVR tape at your school). Newly participating institutions request a test ED SVR tape to assist in system development. Their Recipient Data Exchange Agreement is approved by ED.

IV. THE PELL GRANT RECIPIENT DATA EXCHANGE CYCLE

After your school has received the Pell Grant Recipient Data Exchange specifications, executed the Pell Grant Recipient Data Exchange Agreement, and received approval from ED on a data test, you may begin submitting Pell Grant Recipient Data Exchange tapes (or decks).

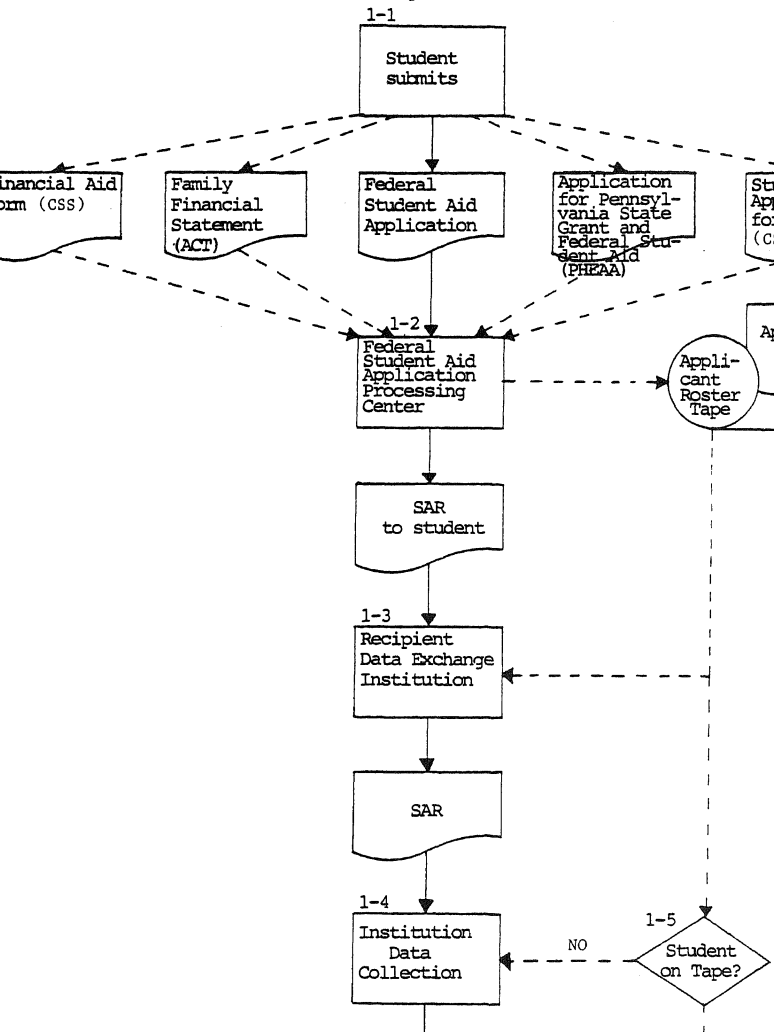

Figure 1 depicts the basic cycle of the Pell Grant Recipient Data Exchange process. Steps 1-1 and 1-2 refer to the determination of eligibility for applicants through the Federal Student Aid Application Processing System and reporting of applicant data to the institution. The exchange of recipient data with ED begins with the submission of a Student Aid Report (SAR) by an eligible applicant to a Data Exchange institution (step 1-3) and actual enrollment of the student at the institution (as defined in the Pell Grant regulations).

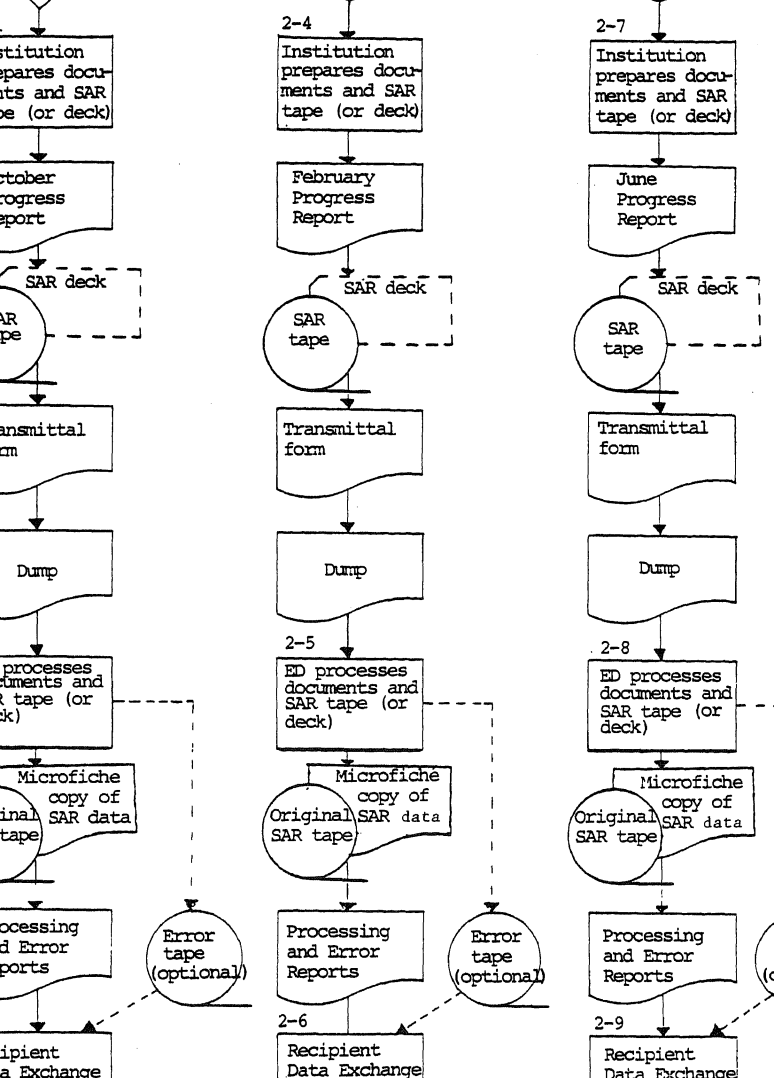

With each Progress Report (steps 2-1, 2-4, and 2-7), your school prepares an SAR tape (or deck) according to the specifications shown in Section V. On the Progress Report that accompanies the tape (or deck), Item 22B must indicate the number of SAR records submitted on the tape (or deck) and in hard-copy form (if any).

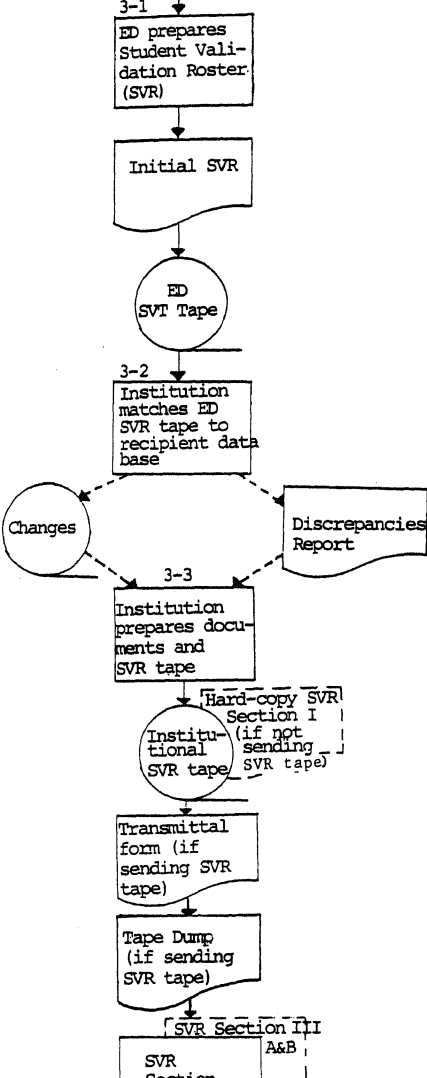

After the tape (or deck), dump, and Progress Report have been prepared, the authorized official for your school completes a Recipient Data Exchange Transmittal form (Appendix C). Your institution then sends the tape (or deck), dump, Progress Report

When we receive the tape (or deck) and related documents, a Recipient Data Exchange Specialist reviews the submission for completeness and accuracy. If no problems are found, the tape (or deck) is processed. If the tape (or deck) is unprocessable, we will return it to you for correction and we may hold your Progress Report and authorization adjustment until you send us the corrected tape (or deck).

After your tape (or deck) is processed, we return it to your school along with output reports which show the results of processing. These reports are discussed in Section VI.

Records which are rejected during processing are not retained in ED data bases. If the number of rejected records is not excessive, we will process your Progress Report. You must submit corrected records to ED either on your next SAR tape or by sending the hard-copy SARs, properly completed. However, if the number of rejected records is excessive, we may hold your Progress Report and authorization adjustment until you send us the corrected records.

ED processes Progress Reports for all institutions in the same manner. You must be sure to adjust Item 21B on the pre-printed Progress Report to show only records accepted by ED, if the count has not already been corrected at ED. This is to ensure that rejected records, when corrected and resubmitted to ED, are not counted twice. If the adjustment to Item 21B is not made, your next Progress Report will fail ED edits and processing of your authorization adjustment may be delayed.

After completing the June Progress Report cycle, we prepare the Student Validation Roster (SVR) from the SAR data submitted by your institution (step 3-1). Institutions which have chosen to exchange only SAR data in machine-readable form will receive only the hard-copy roster, which must be manually completed and returned to ED. Institutions which have chosen to exchange SVR data in tape form will receive the hard-copy roster and the ED SVR tape.

Your institution must match the ED SVR tape (step 3-2) against your student/Pell Grant Recipient data base created during the award year and verify that the following data elements on the ED SVR tape are accurate:

- Institutional Official's Signature Indicator
- Cost of Attendance
- Scheduled Pell Grant
- Expected Disbursement
- Date Enrolled
- Pell Institution Number (of Campus student attends)
- Enrollment Status or Percentage of Hours Completed
- Statement of Educational Purpose Signature Indicator
- Applicant Data Validation Status Code
- Term Type
- Student's Social Security Educational Benefits
- Student's Veteran's Educational Benefits

Your institution then generates an SVR tape with the actual disbursement amount for each student, and with corrections for any of the previously reported fields that have changed since originally submitted. In addition, records for students who do not appear on the ED SVR tape must be added. The tape must be prepared according to the specifications in Section V.

Your institution sends Section II of the hard-copy roster (properly completed and signed), your institutional SVR tape, dump, and the Transmittal form to ED (step 3-3) for processing. You must also complete and send a Revised June Progress Report (SVR Section IV) if one or more of the following conditions exist:

- o The sum of the actual disbursements for all Pell Grant recipients is not equal to the net expenditures reported on your original June 30 Progress Report (Item 14A).
- o The number of actual recipients is different than reported on your original June 30 Progress Report (Item 12B).
- o The number of SARs submitted is different than reported on your original June 30 Progress Report (Item 23B).

When ED receives your institutional SVR tape and related documents, a Recipient Data Exchange Specialist reviews the submission for completeness and accuracy. If no problems are found, the tape and Progress Report facsimile (if any) are processed (step 3-4). If the tape is unprocessable, we will return it to you for correction, and we will hold the Progress Report facsimile (if any) until we receive the corrected tape.

After your institutional SVR tape is processed, ED returns it to you along with output reports which show the results of processing. If any unprocessed records or account discrepancies remain (Step 3-5), a Reconciliation (second) Student Validation Roster (hard-copy only) is sent to your institution for manual completion and reconciliation with your Progress Report

cycle for the award year ends when you achieve a balance between your latest Progress Report and your SVR data. When this balance is achieved, we prepare your Final Student Validation Roster and the Authorization Letter closing your institution's fund account (Step 3-7). These documents provide a permanent record of Pell Grant activity at your institution for the award year.

V. SPECIFICATIONS FOR RECIPIENT DATA EXCHANGE PARTICIPANTS

A. DATA PREPARATION REQUIREMENTS

1. SAR Tapes (or Decks)

Three types of data records are required for SAR tapes (or decks): header (record type 1), detail (record type 2), and trailer (record type 3). The record formats and required content for SAR tapes (or decks) are given in Appendix E.

The SAR tape (or deck) that you send with a Progress Report must contain one data detail record for each eligible student who submitted a SAR and who was paid for the first time during that Progress Report period. The tape (or deck) must not be cumulative; that is, it must not include the same data detail record that you sent on a previous tape which were accepted by our system. The specifications for reporting student data changes for SAR records previously sent to, and accepted by, ED are provided in Table 1.

If the number of records we rejected during processing of a previous tape (or deck) for this award year was not excessive, you must correct the errors and include the corrected records on your next SAR tape (or deck). However, if the number of records we rejected during processing of a previous tape (or deck) for this award year was excessive, you must correct the records and resubmit them as soon as possible. We may hold your Progress Report and authorization adjustment until you send us the corrected records.

 data base.

1. An SAR tape (or deck) or an SVR tape which conforms to the specifications for the appropriate award year, and which is externally labeled with a properly completed facsimile of the label shown in Appendix D.
2. A completed Progress Report (all three ED copies). You must send a Progress Report with every SAR tape (or deck). You may be required to send a Progress Report with an SVR tape (see Section IV).
3. SVR tapes only: Section II of the hard-copy roster, properly completed and signed. If Section II of the SVR is not supplied, your SVR or SVR tape cannot be accepted for processing.
4. A properly completed and signed Recipient Data Exchange Transmittal form (see Appendix C). Keep a copy of this for your records.
5. A dump of your tape (or deck) which shows the following items:
 - a) the internal tape labels (if any);
 - b) the data header record;
 - c) the first ten data detail records;
 - d) the data trailer record

The dump must contain character representation of these items. If the dump contains only hexadecimal representation, processing of your tape (or deck) will be delayed.

Your institution's financial aid administrator and Recipient Data Exchange contact should review the items before mailing to verify that each conforms to Recipient Data Exchange specifications, and to verify that information which appears on more than one item is reported consistently. For example, the tape volume serial number, which appears on the external label, the Transmittal, and the dump of internal labels, must be the same on each of these items. We have provided a Recipient Data Exchange Submission Checklist on the back of the Transmittal form (see Appendix C) to assist you in accurately preparing your submission.

After reviewing the items for accuracy, package the items together and mail to:

Pell Grant Program
P.O. Box 2468
Washington, DC 20013
Attn: Recipient Data Exchange

NOTE: The correct address for inquiries and new Agreements, given in Section I and on the Agreement itself, is different than the above.

VI. ED PROCESSING AND RETURN OF DATA

A. SAR TAPES (or DECKS)

If our review of the Transmittal and dump indicates that your SAR tape (or deck) is acceptable, we will process the data. If the data is unacceptable we will return it to you for correction, and we will hold your Progress Report until you send us corrected tape (or deck) or the hard-copy SARs, properly completed.

After we process the data, we will send you:

- o The SAR tape you submitted (card decks will not be returned);
- o A cover letter which shows the number of accepted and rejected records, and which describes the proper method of handling rejected records;
- o A summary of any problems we encountered during review or processing;
- o Recipient Data Exchange Preprocessor Control Report (BGP.78.A);
- o Recipient Data Exchange Error Report (BGP.79.A);
- o SAR-to-Eligible Applicant File Match Discrepancy Report (BGP.79.C);
- o Recipient Data Exchange Summary (BGP.79.D);
- o Recipient Data Exchange History Update Edit Error Report (BGP.65.C);
- o Microfiche copy of the data as you sent it to us;
- o Error Tape, if you requested it on your Transmittal (SAR data only). This error tape must be returned to ED within 50 days. If you do not return the error tape in the stated time, further requests for error tapes will be denied.

Sample copies of the output reports are shown in Appendix B. After we have processed your first SAR tape for the 1982-83 award year, we will send you supplemental information on how to interpret the output reports for correcting rejected records.

Records that we reject during processing are not retained in the ED data base. You must:

1. Provide corrected records on tape or cards (or the hard-copy SARs, properly completed) with the next regularly scheduled Progress Report if the number of records we rejected was not excessive. If the number of records we rejected was excessive, you must correct the records and resubmit them as soon as possible. If the records were rejected from your June SAR data submission, you should correct the records and include them on your SVR tape as "SVR Adds" (record type 6), or send the hard-copy SARs, properly completed, with your Student Validation Roster.

2. Adjust Item 21B, "SARs Previously Submitted," on the pre-printed Progress Report to reflect only the total number of records accepted by our system, if this adjustment has not already been made at ED. If you fail to do this, any corrected records you send to us will be counted twice. This will delay processing of your next Progress Report and the reconciliation of your institution's Pell Grant account at the end of the award year.

Progress Report (if submitted). If the tape is unacceptable, we will return it to you for correction, and we will hold the Progress Report (if included) until you send us a corrected tape on the hard-copy SVR (and SARs for students who do not appear on the SVR), properly completed.

After we process the SVR tape, using the data edits shown in Appendix G, we return it to you with a set of output reports, which contain information about the processing of any new SAR records added from your SVR tape. These reports include counts of the accepted and rejected SVR updates, as well as SVR adds. We also send you a hard-copy SVR. If all required reconciliation between your Progress Report and student data has been achieved, this will be a FINAL Student Validation Roster for the award year; otherwise you must resolve any remaining inconsistencies manually and return this SVR to us for final processing, along with hard-copy SARs, properly completed, for eligible students who received Pell Grant funds at your institution but who are missing from this roster.

COMMENTS. (Cont.)

We assumed you did (or will) receive assistance worth more than \$750 from your parent(s) in 1981 or 1982.

022

If the information in Section 2 is correct, you are eligible to receive a Pell Grant in 1982-83. Submit all three copies of this report to the Financial Aid Office at your school now. They will compare information in Section 2 to the information on the tax return or other documents you have submitted. If the information is correct and you meet all other eligibility requirements, they will calculate your grant based on your Aid Index of 286. The actual amount of your award will also depend on the cost of education at your school and whether you go to school for a full academic year on a full-time basis. If you receive Social Security or Veteran's Benefits, this will reduce your Pell Grant. NOTE: You must meet all eligibility requirements to receive your Pell Grant payment.

058

NOTE: Pell Grant Recipient Data Exchange submissions must be sent to the following address:

APPENDIX C (Cont.)

1982-83 RECIPIENT DATA EXCHANGE SUBMISSION CHECKLIST

Instructions: Use this checklist to verify that each item required for Recipient Data Exchange submission has been included.

- ☐ 1. Externally labeled Recipient Data
 - ☐ a. SAR tape, OR
 - ☐ b. SAR deck, OR
 - ☐ c. SVR tape.
- ☐ 2. Progress Report (all three ED copies) - properly completed and signed
- ☐ 3. Transmittal form (completed and signed)
- ☐ 4. Dump of tape (or deck), which shows:
 - ☐ a. The internal tape labels, if any
 - ☐ b. The data header record
 - ☐ c. The first ten data detail records
 - ☐ d. The data trailer record
- ☐ 5. SVR Tapes only: Section II of the hard-copy SVR Validation Roster, properly completed and signed

<p>Record Type</p> <p>Constant of '2'</p>	1	1	Numeric	<p>Must be '2'</p> <p>Taken in combination, must uniquely identify an eligible student on the Pell Grant Application File.</p>
<p>SAR Record ID*. This ID consists of the three fields defined in positions 2-14.</p>				
<p>Social Security Number as reported by the student on the original application to the Federal Student Aid Application System; or the Federal Student Aid Identification Number assigned in Application processing.</p>	2-10	9	Alphanumeric	<p>If SSN is not available on the original Application, the Federal Student Aid Identification Number is assigned by the Application Processing System and is retained in the official SAR Record ID for the remainder of the processing year.</p> <p>Position 2 - Numeric or dash (-)</p> <p>Position 3-10 - Must be</p>

Appendix E (Continued)

Institution SAR Data Record Formats, Data Editing and Validation Criteria

on/Source	Positions	Length	Edit Criteria	Validation Criteria
Letters of student's last reported on the original on to the Federal Student Aid on System.	11-12	2	Alphanumeric	
on Number, as sequentially by the Federal Student Aid on System.	13-14	2	Numeric	Must be numeric and greater than zero. Must be consistent with the transaction number from the SAR accepted for payment.
attendance. This figure must be reported by the school for each following the Pell Grant regulation (See the SFA Handbook and Pell Grant Payment Schedule.)	15-19	5	Numeric, Unsigned	Dollars only. Must equal or exceed minimum cost of education in Pell Grant Payment Schedule.
aid Index. Section 3 of the SAR.	20-24	5	Numeric, Unsigned	Must be less than 01601. Use leading zeroes.

Description/Source	Positions	Length	Edit Criteria	Validation Criteria
<p>Scheduled Pell Grant. This figure is taken from the Full-time Pell Grant Payment Schedule issued each award year. For every student, regardless of whether attending full or part-time, or whether the student receives SSA or VA educational benefits, the Scheduled Pell Grant is determined by matching Cost of Attendance and Student Aid Index on the Full-time Payment Schedule Table.</p>	25-29	5	<p>Numeric, Unsigned</p>	<p>Dollars only. Must match the appropriate value for the reported combination of Cost Attendance and Student Aid Index as determined by the current year's Pell Grant Full-time Payment Schedule.</p> <p>Please note that the only correct value for this data element for any student is the full-time award. Two students with the same Cost of Attendance and Student Aid Index have the same Scheduled Pell Grant even if one is enrolled only part-time or if one has SSA or VA educational benefits. All necessary reductions in the Scheduled Pell Grant for disbursement purposes must be reflected in the Expected Disbursement field, rather than an alteration of the correct Scheduled Pell Grant reported here.</p>

Appendix E (Continued)

Institution SAR Data Record Formats, Data Editing and Validation Criteria

Position/Source	Positions	Length	Edit Criteria	Validation Criteria
Disbursement. If a student is enrolled full-time for all academic year and will not receive Social Security educational or veteran's educational benefits, the Expected Disbursement is the Scheduled Pell Grant. If there are a number of years where the Expected Disbursement may need to be reduced level of the Scheduled Pell Grant, these conditions are:	30-36	7	Numeric, Unsigned	Dollars and cents. Must not exceed Scheduled Pell Grant. If Term Type equals '2', '3', or '4', must not exceed the appropriate value for the reported combination of Cost of Attendance and Student Aid Index as shown on the Pell Grant Payment Schedule for full-time students or the appropriate Disbursement Schedule for part-time students.
student's full-time course of study is less than a full academic year in length; or				If Term Type equals '1' or '5', must not exceed the appropriate value for the reported combination of Cost of Attendance and Student Aid Index, prorated according to the percentage of hours expected to complete.
student is enrolled for less than a full academic year (e.g., first semester only); or				If Social Security educational benefits and or veteran's educational benefits as reported (in positions 71-75 and 76-80, respectively) are greater than
student is enrolled on less than a full-time basis; or				
student will receive Social Security educational benefits or				

Description/Source	Positions	Length	Edit Criteria	Validation Criteria
<u>Date Enrolled in this Award Year</u> (MMDDYY)	37-42	6	Numeric	MM-01 through 12; DD-01 through 31; Year 82 or 83 Date should not be less than 07-01-82 nor greater than 06-30-83 unless stu- dent's course overlaps two award periods, e.g., summer school students. If the student is expected to complete a payment period which is considered to be within the 1982-83 award year, but which occurs in two award years, this date is the first day of enroll- ment within the 1982-83 award year and may be less than 07-01-82 or greater than 06-30-83.
<u>Pell Institution Number of the campus the student attends. If the student attends a branch campus of your cen- tral administrative office, the Pell Institution Number for the campus the student is attending; in all other cases, the Pell Institution Number is the same six-digit number that appears on your Pell Grant Authorization Let- ter and Progress Report.</u>	43-48	6	Numeric	Must be valid Pell Institu- tion Number. Must be a valid branch campus Pell Institution Number of the school and listed on the school's Program Participa- tion Agreement if not equa- to number reported in header record (pos. 2-7).

Institution SAR Data Record Formats, Data Editing and Validation Criteria

Description/Source	Positions	Length	Edit Criteria	Validation Criteria										
<u>Enrollment Status/Percentage of Hours Completed Code.</u>	49	1	Numeric											
<p>a. Institutions which use quarter, semester, trimester, or other standard academic terms and which measure progress by credit hours must provide the code that applies to the student's enrollment status. This corresponds to Item 7 in Section 3 of the SAR.</p>														
<p>b. Institutions which do not use quarter, semester, trimester, or other standard academic terms and which measure progress by credit hours or units, AND institutions which measure progress by clock hours, must provide the code that applies to the percentage of hours the student is expected to complete. This corresponds to Item 8 in Section 3 of the SAR. The percentage is calculated by dividing the number of hours the student is expected to complete in the award year by the number of hours in the academic year.</p>														
<p>Must be equal to '1', '2', '3' or '4' where Term Type (Position 70) is equal to '2', '3' or '4'. Must be the code that applies to the student's enrollment status, as shown:</p>														
<table><tr><th>Enrollment Status</th><th>Code</th></tr><tr><td>Full-time</td><td>1</td></tr><tr><td>1/2 time</td><td>2</td></tr><tr><td>3/4 time</td><td>3</td></tr><tr><td>OTHER (mixed status)</td><td>4</td></tr></table>					Enrollment Status	Code	Full-time	1	1/2 time	2	3/4 time	3	OTHER (mixed status)	4

 ability of correcting an erro-
 rial Security Number in the
 Student Aid Application Pro-
 cessing system. This field is not
 used for identification purposes in ED
 processing.

Appendix E (Continued)

Institution SAR Data Record Formats, Data Editing and Validation Criteria

Description/Source	Positions	Length	Edit Criteria	Validation Criteria
Term Type. This is the type of academic term which your institution uses for the student. It determines which calculation is applied to establish a reasonable ceiling on Expected and Actual Disbursement.	70	1	Numeric	Must be equal to '1', '2', '3', '4', or '5'. Must be the code that applies to the student's academic term, as shown:
			Term Type	
			Institution does NOT use standard academic terms; measures progress by <u>credit hours or units.</u>	
			Institution uses <u>quarters</u> ; measures progress by credit hours.	
			Institution uses <u>semesters</u> ; measures progress by credit hours.	
			Institution uses <u>trimesters</u> ; measures progress by <u>credit hours.</u>	
			Institution measures progress by <u>clock-hours.</u>	
			Must be consistent with Enrollment Status/Percentage of Hours Completed Code (Position 49).	

description/Source	Positions	Length	Edit Criteria	Validation Criteria
Term Type (Continued)				
				If blank or invalid, the term type as reported on the latest Progress Report in ED files will automatically be entered in the student's record. Semester (cc-3) will be entered in the student's record if term type has been omitted on the SAR record and the Progress Report.
student's Social Security Educational benefits	71-75	5	Numeric, Unsigned	Dollars only. Must include only the total amount of Social Security educational benefits the student has received and/or will receive from July 1, 1982, to June 30, 1983, because (s)he is STUDENT.
				If the student has no Social Security educational benefits, this field must be zero-filled (not blank).
				Must be consistent with any other information available at the institution regarding the student's Social Security educational benefits. If this amount differs from the amount printed on line 9 of Section 3 of the hard copy SAR submitted by the student, the institution must have appropriate documentation.

Description/Source	Positions	Length	Edit Criteria	Validation Criteria
Student's Veteran's Educational Benefits	76-80	5	Numeric, Unsigned	Dollars only. Must include the veteran's educational benefits paid or expected to be paid to the student under Chapters 34 and 35 of Title 38 of the United States Code (G.I. Bill and Dependents Educational Assistance Programs) for the entire 1982-83 award year.

If the student has no veteran's educational benefits, this field must be zero-filled (not blank).

Must be consistent with any other information available at the institution regarding the student's veteran's educational benefits. If the amount differs from the amount printed on Line 10 of Section 3 of the hardcopy SAR submitted by the student, the institution must have appropriate documentation on file to support the amount reported on the SAR tape in this field. Also refer to the 1982-83 Payment Schedule.

C. In the SAR Trailer Record, the following data are required:

Record Type Constant of '3'	1	1	Numeric	Must be '3'
--------------------------------	---	---	---------	-------------

Total number of SARs on the tape (or Must equal the number of SARs on the tape)

Description/Source	Positions	Length	Edit Criteria	Validation Criteria
Total amount of Expected Disbursement on the tape (or deck), including cents.	8-18	11	Numeric, Unsigned	Must be equal to the total dollar amount of Expected Disbursements including cents, accumu- lated by the Pell Grant computer program for the SARs on the tape (or deck).
Filler	19-80	62	Blank	

The SAR Record ID appears in Section 3 of the SAR in the line "School Use Only" (see Appendix B). This identifier uniquely the student award data to a particular physical document and application processing information from which the document was generated. You should retain the full thirteen character SAR Record ID for each student in your Pell Grant recipient data base.

The SAR Record ID consists of:

1. the Social Security Number, if any, entered by the student on the original application, or the Federal Student Aid Identification Number (a dash followed by eight digits) assigned by the Federal Student Aid Application Processing system if the student did not provide a Social Security Number.
2. the first two letters of the student's last name, as entered on the original application.
3. the Transaction Number. The first Student Aid Report generated will show Transaction Number 01. Subsequent updates to the student's application data, as reflected on revised SARs, carry consecutively assigned transaction numbers; i.e., 02 for the first correction, 03 for the second, etc.

The SSN and name fields of the SAR Record ID remain constant throughout the processing year to maintain file-match and transaction number integrity.

***** WARNING *****

YOU MUST USE THE SAR RECORD ID AS PRINTED ON THE SAR IN POSITIONS 2-14 OF THE DATA DETAIL RECORD. FAILURE TO DO SO WILL CAUSE THE RECORD TO BE REJECTED.

Changes to student name or Social Security Number made throughout the processing year DO NOT AFFECT THE SSN AND NAME FIELDS OF THE SAR RECORD ID. Such changes are automatically detected in ED processing when the corresponding SAR data record is submitted on the Recipient Data Exchange tape. For the majority of students, the SSN and name fields of the SAR Record ID are identical to the information printed in Section 2 of the SAR (Items 1 and 4). If changes in SSN or name occur, or an assigned Federal Student Identification Number is replaced by a Social Security Number, the SSN and/or name fields of the SAR Record ID will differ from the information in Section 2 of the SAR.

If the Social Security Number and/or name information appearing in Section 2 of the SAR (Items 1 and 4) are incorrect, the student must submit corrections to the Federal Student Aid Application Processing System.

The 1982-83 Federal Student Aid Applicant Roster tapes (both abbreviated data and full data) contain the original SSN/assigned Federal Student Aid Identification Number and name code, as well as the current SSN/assigned Federal Student Aid Identification Number and full student name as reported to the Federal Student Aid Application Processing System. For your convenience, the location of the SAR Record ID to use in sending recipient data to ED is cross-referenced to its location in the Federal Student Aid Applicant Roster tapes in the Data Comparison Chart in Appendix I.

Institution SVR Data Record Formats, Data Editing and Validation Criteria

Option/Source	Positions	Length	Edit Criteria	Validation Criteria
In the SVR Header Record, the following data is required:				
Record Type Constant of '4'	1	1	Numeric	Must be '4'
Pell Institution Number of Central Reporting Institution. Provided in Pell Grant Authorization Letter.	2-7	6	Numeric	Must be a valid Pell Institution Number for participating independent or Central Campus on the Pell Grant Institution file.
Identity Number of Central Reporting Institution. Provided on Pell Grant Institution Authorization Letter.	8-19	12	Alphanumeric	Must be a valid EN for a participating independent or Central Campus on the Pell Grant Institution file.
Ending Date of Period Covered by the Progress Report which accompanied the SVR tape. MMDDYY format. Obtained from Item 11 of the Progress Report. Insert date of tape preparation if no Progress Report is submitted.	20-25	6	Numeric	MM-01 through 12; DD-01 through 31; Valid year > 82
Type of Progress Report which accompanied the SVR tape. (none = '3'	26	1	Numeric	Must equal '3' or '5'

ption/Source	Positions	Length	Edit Criteria	Validation Criteria
ate of Tape Preparation MDDYY format	29-34	6	Numeric	MM-01 through 12; DD-01 through 31; Valid year <u>></u> 82
stitutional Official's Signature ndicator. Value 'I' means that ach record has been certified by an authorized school official according o the Certification which appears n the SAR.	35	1	Numeric	Must be equal to '1' (See SAR Section 3 institution certification).
iller	36-80	45	Blank	
SVR detail record, one of two formats is required. The first format is used to update records provided on SVR tape; the second format is used to add records for students omitted from the ED SVR tape.				
SVR Detail Format 1 - SVR Updates				
record Type onstant of '5'	1	1	Numeric	Must be '5'
SAR Record ID	2-14	13	As provided on ED SVR tape	Must match existing ED record.
ost of Attendance eave blank unless a correction s being supplied. See SAR ata instructions.	15-19	5	Blank or Numeric, Unsigned	Dollars only. See SAR validation criteria.
iller	20-24	5	Blank	
cheduled Pell Grant eave blank unless a correction s being supplied. See SAR ata instructions.	25-29	5	Blank or Numeric, Unsigned	Dollars only. See SAR validation criteria.

APPENDIX I

BUILDING A PELL GRANT RECIPIENT DATA BASE USING FEDERAL STUDENT AID APPLICANT ROSTER TAPES

Upon request, the Federal Student Aid Application Processing Center provides applicant data to institutions participating in the Pell Grant Program. Your institution may request the data in hard-copy form (the FSA Applicant Roster, I-4 through I-10) and/or on magnetic tape in either of two formats: abbreviated data record (I-11 through I-16) or full data record (I-17 through I-26).

Your institution can build a skeleton Pell Grant recipient data base by extracting the following data elements from each eligible record on the Applicant Roster tape:

1. Applicant's name
2. Current Social Security Number
3. Student Aid Index
4. SAR Record ID, which consists of
 - a. Original Social Security Number/assigned Federal Student Aid Identification Number
 - b. Original Name Code
 - c. Transaction Number
5. Estimated 1982-83 Annual Student Social Security Educational Benefits
6. Estimated 1982-83 Annual Student Veteran's Educational Benefits

Matching the extracted data from the applicant Roster tape against your institution's actual enrollment records should yield the following:

1. Cost of Attendance
2. Date Enrolled
3. Pell Inst. No. of Campus the Student Attends
4. Enrollment Status/Percentage of Hours Expected to Complete
5. Verification that the student signed a Statement of Educational Purpose
6. Applicant Data Validation Status
7. Term Type
8. Actual Student's Social Security Educational Benefits
9. Actual Student's Veteran's Educational Benefits

You can then use the Cost of Attendance and the Student Aid Index to locate the Scheduled Pell Grant from the full-time Pell

educational benefits, and/or actual student's veteran's educational benefits can then be applied to the Scheduled Pell Grant to produce the Expected Disbursement.

After completing the above steps, you have the required elements for submitting Student Aid Report data in machine-readable form. Additional control and institutional identification data are added when you prepare the SAR tape.

The preceding steps accommodate eligible applicants who indicated possible attendance at your institution. For those eligible applicants attending your institution who do not appear on the Applicant Roster tape, you would manually enter the required data elements into your data base from the hard-copy Student Aid Reports. Alternatively, you may have the student submit a SAR correction to the Federal Student Aid Application Processing System, specifying the name and address of your institution (See page I-29). The student (and parent/guardian, applicable) must sign the certification on the SAR. After SAR correction is processed, the student's data will appear on the next Applicant Roster (and/or tape) for your institution.

***** WARNING *****

You must not submit SAR recipient records for ineligible Pell Grant applicants, students that you have not paid, or students who do not actually attend classes. The Pell Grant regulations prohibit disbursements to such students. If you use the Applicant Roster tapes to build your preliminary Pell Grant recipient data base, be certain that:

1. the recipient data you submit to ED on your SAR tape accurately reflects the data that appeared on the SAR on which the student submitted to your institution and on which you based payment; AND
2. the recipient data you submit to ED on your SAR tape does not include students who actually enroll and attend classes elsewhere.

During the award period, you would post disbursements, recoveries, and other changes to your Pell Grant recipient data base. Reporting of such changes to ED must conform to the specifications provided in Table 1 (See Page 20).

If you wish to receive applicant data in hard-copy form and/or on tape, complete the Federal Student Aid Applicant Tape Service Request form (I-31) and send it to the address on the form. Applicant Roster tapes are provided by ED at no charge; however, they must be returned to the Federal Student

FEDERAL STUDENT AID APPLICANT ROSTER

REPORT FOR: INSTITUTION
STREET ADDRESS
CITY
(FOR ED USE ONLY) 000000

DEAR COLLEAGUE:

THE FOLLOWING PAGES CONTAIN YOUR FEDERAL STUDENT AID APPLICANT ROSTER. THE ROSTER INCLUDES INFORMATION ABOUT FEDERAL STUDENT AID APPLICANTS WHO INDICATED, AT THE TIME OF THEIR FEDERAL STUDENT AID APPLICATION, YOUR INSTITUTION AS A POSSIBLE CANDIDATE FOR THEIR ATTENDANCE.

BECAUSE THIS INFORMATION WAS COLLECTED AT THE TIME OF THE STUDENTS' APPLICATIONS, AND IS NOT NECESSARILY CURRENT, YOU MAY FIND BOTH OF THE FOLLOWING SITUATIONS OCCURRING:

1. STUDENTS APPEARING ON THIS ROSTER WHO INDICATED YOUR INSTITUTION ON THEIR FEDERAL STUDENT AID FORMS, AND HAVE SINCE CHANGED THEIR DECISION AND HAVE NOT ENROLLED AT YOUR INSTITUTION.
2. FEDERAL STUDENT AID RECIPIENTS NOT APPEARING ON THIS ROSTER BECAUSE THEY DID NOT INDICATE YOUR INSTITUTION ON THEIR FEDERAL STUDENT AID FORMS, WHO HAVE SINCE DECIDED TO ENROLL AT YOUR INSTITUTION.

THIS ROSTER INCLUDES THE INFORMATION FROM THE MOST RECENT OFFICIAL RECORD ON FILE FOR EACH STUDENT. THE ROSTER WILL INCLUDE INFORMATION FOR ALL STUDENTS FROM THE BEGINNING OF THE 1982-83 PROCESSING YEAR.

IF NO STUDENT AID INDEX APPEARS FOR A STUDENT, HE OR SHE HAS NOT PROVIDED SUFFICIENT INFORMATION TO DETERMINE A STUDENT AID INDEX. TO OBTAIN A STUDENT AID INDEX, THE STUDENT MUST PROVIDE ADDITIONAL OR CORRECTED INFORMATION.

A SUMMARY OF THE DATA CONTAINED IN YOUR ROSTER APPEARS AT THE END OF YOUR ROSTER.

- = New student for this reporting period.
- = Student Aid Index on this roster is higher than the one reported on a previous roster.
- = Student Aid Index on this roster is lower than the one reported on a previous roster.
- = Student Aid Index on this roster is equal to the one reported on a previous roster. (New process date).
- = Student Aid Index is present on this roster but was absent on a previous roster.
- = Student Aid Index is not present on this roster but was present on a previous roster.
- = Student's data is the same as reported on a previous roster. (No new process date).

Student's Name = Name of student (last, first, and middle initial) as it appears on this transaction number.

Security = Student's current Social Security number as reported. If a student does not report his/her Social Security number, the assigned Federal Student Aid Identification Number (a dash followed by eight digits) will be shown until the student reports a Social Security number.

Transaction number (For example, 01 = first transaction processed, and 02 = second transaction processed).

Date = Student's date of birth

Blank or: 2 position month (00-12)
2 position day (00-31)
2 position year (00-99)

Name, date of birth, Social Security number change flag

S = Social Security number change

N = name or date of birth change

B = Social Security and name and/or date of birth change

Blank = no change in any of the three fields

Student's year in college

1 = 1st year

2 = 2nd year

3 = 3rd year

4 = 4th year

5 = 5th year

6 = Graduate or Professional

Blank = No response

Student's state of legal residence

Blank = No response

Alpha = Alpha state code

Base tax year for income used in eligibility calculation

1 = 1981 base year income used

2 = 1982 base year income used

Base Year income change flag. to indicate a \$1500 negative change in applicant's income between base year and current year.
\$ = has changed

FEDERAL STUDENT AID APPLICANT ROSTER LEGEND (CONTINUED)

Agency that transmitted application

A = American College Testing (ACT) Program

B = Federal Student Aid Program

C = College Scholarship Service (CSS)

P = Pennsylvania Higher Education Assistance Agency (PHEAA)

N = New Agency

0 = Other new agency

- Estimated 1982-83 Annual Student Social Security Benefits

Numeric = Amount of Estimated 1982-83 Annual Student Social Security Benefits

Blank = No monthly amount was reported by the student

???? = Illegible or negative response

- Estimated 1982-83 Annual Veteran's Educational Benefits

Numeric = Amount of Estimated 1982-83 Annual Veteran's Educational Benefits

Blank = No monthly amount was reported by the student

???? = Illegible or negative response or monthly amount reported was greater than 0 and less than \$156

1 1 1

1: Applicant Roster tapes are cumulative. This position can be used to determine how you wish to process the student applicant records where no change has occurred.

Record Type

+ = New student for this reporting period
 H = Student Aid Index on this tape is higher than the one reported on previous tape
 L = Student Aid Index on this tape is lower than the one reported on previous tape.
 E = Student Aid Index on this tape is equal to the one reported on previous tape (new process date).
 B = Student Aid Index is present on this tape but was absent on a previous tape.
 R = Student Aid Index is not present on this tape but was present on previous tape.
 Blank = Student's data is the same as that contained on the previous tape (no new process date).

17 16 2

Student's last name

26 9 3

Student's first name

27 1 4

Student's middle initial

36 9 5

Current Social Security Number - Student's current SSN or assigned Federal Student Aid Identification Number (a dash followed by eight digits).

38 2 6

STUDENT'S ORIGINAL NAME CODE. THIS FIELD IS USED AS PART OF THE SAR RECORD IDENTIFIER FOR RECIPIENT DATA EXCHANGE.

47 9 7

ORIGINAL SOCIAL SECURITY NUMBER - SSN WHICH THE STUDENT PROVIDED ON THE ORIGINAL APPLICATION; OR IF NO SSN WAS PROVIDED, THE ASSIGNED FEDERAL AID IDENTIFICATION NUMBER. THIS FIELD IS USED AS PART OF THE SAR RECORD IDENTIFIER FOR RECIPIENT DATA EXCHANGE. THE SAR RECORD ID CONSISTS OF ORIGINAL SSN (OR ASSIGNED FEDERAL STUDENT AID IDENTIFICATION NUMBER).

TRANSACTION NUMBER - RANGE 01-99. THIS FIELD IS USED AS THE "I" NUMBER" IN THE SER RECORD IDENTIFIER FOR RECIPIENT DATA EXCHANGE

COMMENTS (Cont.)

We assumed you did (or will) receive assistance worth more than \$750 from your parent(s) in 1981 or 1982.

022

If the information in Section 2 is correct, you are eligible to receive a Pell Grant in 1982-83. Submit all three copies of this report to the Financial Aid Office at your school now. They will compare information in Section 2 to the information on the tax return or other documents you have submitted. If the information is correct and you meet all other eligibility requirements, they will calculate your grant based on your Aid Index of 286. The actual amount of your award will also depend on the cost of education at your school and whether you go to school for a full academic year on a full-time basis. If you receive Social Security or Veteran's Benefits, this will reduce your Pell Grant. NOTE: You must meet all eligibility requirements to receive your Pell Grant payment 059

STATEMENT OF EDUCATIONAL PURPOSE

(Sign and return to your school):

I affirm that I will use any money I receive under the Pell Grant, SEOG, College Work-Study, National Direct Student Loan or Guaranteed Student Loan programs solely for expenses related to attendance at:

(Name of Institution)
